Somerville, MA 02144-2516

Dear Mr. Maass:

This will acknowledge receipt of your request for access to records of my office under the Louisiana Public Records Act seeking License Plate Reader information pertaining to the sharing of License Plate Reader data. While we appreciate your instructions on how to produce a report that we do not routinely utilize, we must still review the data that would be included in such report(s) to determine whether the information is protected from disclosure under the Act. Some of the information may pertain to pending or anticipated criminal proceedings and would be protected under La. R.S. 44:3. In addition, RS 44:3 contain other exclusions that might be applicable. In addition, the Louisiana Constitution protects a person's right to privacy, which may encompass information that might be included on the referenced reports. We will not know the full extent of the applicability of these exclusions until we have had an opportunity to review the data that would be produced on the reports you are seeking.

We anticipate that the production and review process will take approximately 20 working days from the date of this response to complete. Once the process has been completed, we will advise as to whether and to what extent copies of our records may be produced to you. We believe this response is appropriate under La. R.S. 44:35(A) which allows a custodian of public records to provide a requesting party with "an estimate of the time reasonably necessary for collection, segregation, redaction, examination, or review of a records request."

Sincerely,

Brett Stassi
